CHRIS NOHALL

SOFTWARE DEVELOPER

PROFILE

Ever since I was a kid I've been fascinated and drawn to technology. This passion has only grown since I entered the world of coding.

I'm a fast learner that love learning the latest technologies and to create great products.

EXPERIENCE

Good Pair Days
Aug 2021 – Present

I work as a frontend developer on the Platform team to implement new features on the website - including translation support, SCA for stripe, and performance improvements. I also get to help the Product team with introducing new designs to the website or the mobile app.

Blockonomics
Feb 2021 – July 2021

During my time at Blockonomics I worked with PHP, Python, WordPress and other CMSs in order to make it easier for customers to access Blockonomics' payment solutions.

Gongdo Tech
Aug 2018 – Feb 2021

During this time I worked as a freelancer to create websites for a range of clients. This required good communcation and adapting the tech-stack to be in line with the clients need. Usually I relied on the MERN-stack, to create a flexible platform that could be easily adapted. During this time I also worked with frameworks such as Three js

SKILLS

- React
- Node
- GraphQL
- TypeScript
- React-Native
- Next
- CSS
